DIARY NOTES

18 June 1965

1. Bob Fuchs telephoned regarding the following:

a. He said that another voucher is ready for Dick Helms' signature. I agreed to make an appointment with Dick and to accompany Bob while he briefs Dick on this voucher.

b. Bob discussed with me briefly the purchase of a new car for the Director. He thought that we could buy a car with vouchered funds but wanted me to be aware of other ramifications of such a purchase.

3. Alan Warfield advised me that NPIC would probably call me to get permission to use money left over from their original construction funds to install additional air conditioning [redacted]. I told Alan that I thought there was no money left over and that we had so reported to the Bureau of the Budget. I suggested that he tell NPIC to get in touch with the Office of Finance before calling me. H

7. Larry Houston advised me that [REDACTED] has some good office space for lease [REDACTED] and that they had made this known to the Office of Logistics to determine whether the Agency was interested before putting it on the market elsewhere. Larry understood that [REDACTED] [REDACTED] is having difficulty finding space [REDACTED] which is apparently being forced to move [REDACTED] I called Alan Warfield, who had not heard about this problem and asked him to explore the matter without delay.

8. I lunched with Bud Wheelon, who seemed pretty frustrated about NRO problems and made noises about leaving the Agency. I attempted to persuade him not to leave. I think this decision will really depend on how the NRO matter is finally resolved. In any case, he spoke to me of the high regard in which he holds [REDACTED] He said that he knows Jack wants to return to the Support Directorate some day and that he would release him if during the shuffle in DD/S which will undoubtedly take place I found some spot for Jack where his career would be enhanced.
